This computer has never been the performer it ought to be. Built in 2004 shortly after the big bad basement flood, it was supposed to be. This video is what the title says it is. (It might be a bit more than that. You'll just have to watch and see.) I think you'll agree that only this machine recently came into my possession from a couple that no longer needed it. This is just a quick overview. Not 100%. In this video I go over a desktop computer I acquired in late September/early October. This was a re-upload from my old channel.
